PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Pahokee Hi School Have 396 Students

Enrollment in Pahokee schools went 20 above last year when 396 youngsters signed on the dotted line for the 1961-62 term. Principal Brooks Henderson said he expected the total to go well above the 400 mark before the end of the first semester.

There are two new teachers, Mr. Henderson said. One is William S. Hobson, who will teach social studies and act as an assistant to Coach Web Fell. Mrs. Louise Norman is the other new teacher and she will teach English, Art and Home Economics.

Bill Howard is the new principal of Pahokee elementary school, succeeding H. H. Austin, who resigned last spring. Mr. Howard through the years has been basketball coach and is to be succeeded by Robert Maxson.

Survival Class Scheduled Sept. 18

Robert O. Lampi and the Pahokee Rotary Club are spearheading a Civil Defense Course on Personal Survival beginning Sept. 18 at Pahokee High School auditorium, taught by William Hobson, new Assistant Coach at Pahokee High School. This class is a part of the Civil Defense Education Division of the Palm Beach County School Board. Classes begin at 7:15 p. m. through 9:30 p. m. for four nights, Sept. 18, 19, 25, 26. The Coordinator for the classes is Otis Harvey, from the Palm Beach Junior College. Class includes Movies, slides, film strips and lectures.

Junior Cattlemen Will Meet Sept. 19

The first meeting of the Junior Cattleman's Association in the Everglades area will be held at the Canal Point Community Center at 7:30 p. m., September 19, 1961. The program for this meeting will be a movie on Quarter Horse Racing.

We would like to urge all 4-H and Future Farmer members and others interested in joining to attend this meeting along with your parents.

The Junior Cattleman's Association is an organization of young boys and girls interested in livestock production, showing, etc. The program will be planned to give members a better knowledge of livestock production, fitting and showing.

Rayburn K. Price,
Assistant County
Agricultural Agent.

Thieves Take Cash Pelican Lake Safe

Thieves broke into the U. S. Sugar Corp. commissary at Pelican Lake Tuesday night and made off with the contents of the small safe in which cash receipts were kept. The amount stolen was not made public by the sugar company. J. S. Atkins is the commissary manager. He and his wife are on their three weeks vacation in western states.

Cattlemen Group Will Meet Tuesday

Palm Beach County Cattlemen's Association will meet Tuesday, September 12, 1961, at 7:30 p. m. at the Canal Point Community Center in Canal Point.

Prevalence, problems and control of liver flukes and stomach worms, will be the evening's topic and Dr. William Sippel will be the speaker.

As director of the Florida Livestock Board Diagnostic Laboratory, Kissimmee, Dr. Sippel is in a position to bring everyone up-to-date on the importance of this subject in Palm Beach County.

A covered dish dinner will be served at 7:30 with the Cattlemen's Association furnishing the meat, bread and drink. Each family attending should bring a covered dish, either a vegetable, salad or dessert dish.

Band Will Have 50 Members This Year

Band Master Robert O. Lampi reports 50 students will be participating in half time band programs this fall. Of this 50, 14 members will be taking part for the first time. First home football game will be played Sept. 22 at Lair Field against Riviera Beach. Drum Major will be Wayne Hundley.

Last Manual Phone Lifted At Perry

PERRY—The last manual telephone exchange in Florida has been converted to dial service. The Gulf Telephone Co., operating 2,300 telephones in Perry, commenced operation of a new dial system on August 31.

The event was commemorated at a dinner with members of the Florida Railroad and Public Utilities Commission, as well as leaders of the telephone industry, in attendance.

With this conversion, Florida became the first state in the South and the fourth in the U. S. to have 100 per cent dial operated telephone service.

Mr. and Mrs. Harlan Sears of Canal Point returned home Monday following a weekend visit in Tallahassee with their son and daughter, Dr. and Mrs. H. H. Sears, Jr., and children of West Point, Miss. They were accompanied home by their little granddaughter, Rebecca Sears, who is to be their house guest for several weeks.

A. W. Brown Will Speak To Veg. Asso.

A young man described by Governor Bryant as exemplifying "Those qualities most needed in government today" will speak to conventioners at the annual gathering of the Florida Fruit & Vegetable Association, in Miami Beach this month.

A. Worley Brown, chairman of the Florida Industrial Commission will address the Third Business Session of the meeting on September 28. The convention is being held at the Hotel Americana, Bal Harbour, September 27, 28 and 29 and some 2000 representatives of the state's fruit and vegetable industry and their guests are expected to attend.

The topic of Brown's address is "The Florida Industrial Commission Looks Ahead".

At 33, one of the youngest men ever named to the Governor's "Little Cabinet," Brown heads up an agency with 1300 employees which carries out a program that affects practically every employer and employee in Florida.

One of Brown's first official acts as Chairman of the Commission was to order a survey to determine whether economy could be effected in Commission operation without curtailing essential efficacy.

He was president of the Daytona Beach High School Key Club that ranked second in the Nation and while a student was chairman of a committee which sparked the drive to obtain a new city stadium. A plaque bearing his name in recognition of his efforts hangs on the wall in that athletic facility. He also was president of his high school student body.

Brown was a distinguished and honor military student, both at Virginia Military Institute where he attended from 1946 to 1948 and at the University of Florida where he received his AB degree in 1950.

Active in many civic affairs,
(Continued on page 4)

Hours Announced Civil Defense Class

Pellon Morris, principal of Belle Glade High School, announces a Civil Defense class, Personal Survival in Disaster, at the Belle Glade High School Cafeteria, beginning Thursday evening, September 7, at 7 p. m. This class will be offered on four (4) consecutive Thursday evenings for a period of three (3) hours each, for a total of twelve (12) class hours. Films, slides, personal disaster kits, and other materials will be used depicting the necessary steps to be taken in case of nuclear attack, hurricane, and possible other man-made or natural disasters. It is most important that everyone, that possibly can, take these classes if they hope to survive in case of a nuclear attack, and of course, this seems to be gravely possible at this time. A nation prepared to dig in and live rather than to panic and die is much less likely to be attacked. Otis Harvey, county coordinator of Civil Defense Adult Education and a member of the Adult and Veteran Education department of the Palm Beach County Schools, will be the instructor.

H. G. Davidson Victim Heart Attack

H. G. Davidson, 62, former operator and owner of Davidson's Dry Cleaners in Canal Point, died Tuesday of a heart attack suffered in Troy, Ala. He and Mrs. Davidson were on their return trip to the Glades from Mississippi where they had visited their son, Earl, and his family. He was stricken while driving and Mrs. Davidson, who does not drive a car, managed to get the car to the side of the road and stopped. Funeral arrangements were not complete at press time.

40,000 Students In County Schools

Palm Beach County's 80 schools Tuesday, the first day of the 1961-62 term, registered 40,616 pupils, an increase of 3,076 over the 37,540 registered on the first day of last year, according to Howell L. Watkins, superintendent of public instruction.

Watkins said the influx of the more than 5,000 over the estimated 35,000 registrations could be translated into 100 additional classrooms, as well as that of many additional teachers.

There were 1,817 teachers to greet the pupils Tuesday in the 80 schools, one more school than the 79 at last year's opening.

Canal Point School Enrollment Is 141

The Canal Point School has an enrollment of 141 pupils. This is below the expected number. Principal White has hopes the enrollment will climb to 160 within the year.

Last year Spanish was taught in the third through the eighth grades. This venture proved successful. This year the teachers have decided to include it in the first and second grades.

The Canal Point P. T. A. will hold its first meeting of the 1961-62 school year Monday, 8 p. m., Sept. 11, in the school cafeteria. Mrs. W. E. McCall, president will preside over the meeting. A reception for the teachers will be held in place of the regular program.

Young Elarbee Is New Pahokee Arrival

Harry Kirk Elarbee is the young man who arrived August 31 at the home of Mr. and Mrs. Harry Brooks Elarbee (Nee Beth Smith) 264 E. 2nd Street in Pahokee. He weighed in at 7 lbs. and 4 ounces, and has the distinction of being born on the 73rd birthday of his great-grandfather, W. S. Cross of Canal Point.

Mrs. Earl Hinson and son, Gene, of Clewiston were the house guests on Tuesday and Wednesday last week of her parents, Mr. and Mrs. Glenn Andrews.

Mr. and Mrs. L. L. Shirley of Pahokee and guest, Mrs. Alice Parrish, of Gainesville spent the Labor-Day weekend at the Beach Combers in South Palm Beach.

Drivers License Glades Office Bldg.

Drivers license and validation stamps are now available at the Glades Office Building, located on State Road 15, between Belle Glade and Pahokee.

All drivers will apply for license renewal during their next birth month. Only drivers born in September must renew their drivers license during the month of September.

If a driver is going to be traveling out of the State of Florida after September 30, 1961, it will be necessary to purchase a validation stamp, fee twenty-five cents, stating the license is extended, to the drivers birthdate.

If you have any questions regarding your drivers license, phone Mrs. Pope, Glades Office Building. A post office box is maintained in Belle Glade and Pahokee for those preferring to renew their license by mail.

Validation stamps are available through the Sheriff Sub-station on Saturday and Sunday only, in case of emergencies.

Brady's Restaurant Was Tiny Diner

A new and modernly equipped restaurant in Pahokee is now available to those who desire good foods. Brady's Restaurant, formerly the Tiny Diner, is at your service under the ownership of Frank Brady and the management of Katie Mae Gurr. Delicious meals are being prepared and served by the new management and a cordial invitation is extended to one and all to visit the new spot.

The kitchen has been completely remodeled and stainless steel installed in all work areas. The lunch counter and dining room offer air conditioned comfort for those who are seeking home style cooking. A handsome electric sign recently erected marks the spot of Brady's Restaurant in Pahokee on the Canal Point road.

West Coast Toll Road In The Future

TAMPA—The chairman of the Florida Turnpike Authority says a Tampa-Ft. Myers toll road can be built later.

John M. Hammer said a feasibility study will be made soon to determine whether the road should be built.

In an address to the Tampa Exchange Club, Hammer said plans for the interstate system of free highways failed to include a Tampa-Miami route. He said he felt that traffic between Tampa-St. Petersburg and Ft. Myers justified the feasibility study.

A super highway south of Tampa, he said, could bring the area greater prominence in a fast developing industrial and residential picture.

Anne McBride returned last week to her home in Alamo, Ga., following a summer vacation spent in Canal Point with her uncle and aunt, Mr. and Mrs. A. L. Pope.

ADDS UP TO PROGRESS!

Effective Sept. 1, 1961

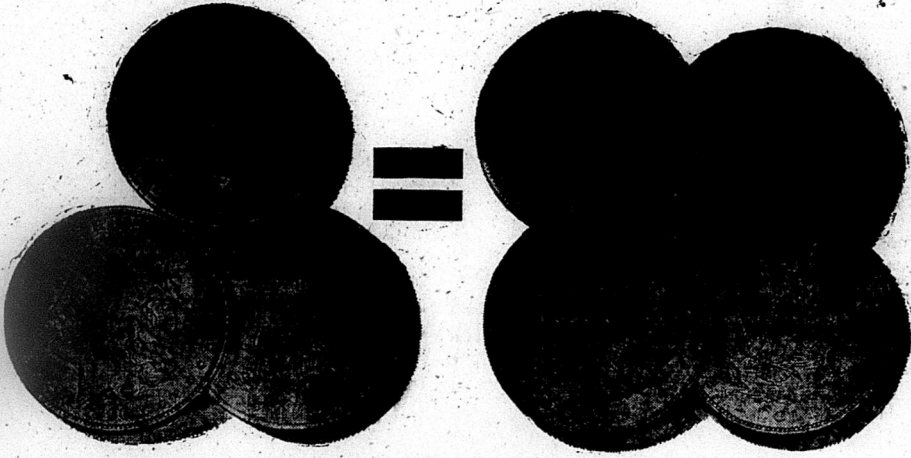

all new telephones added in the Belle Glade - South Bay (WY-6) area will have seven digit Phone numbers . . . instead of the two letter and five digit numbers now in use.

More numbers are needed to provide telephone service for Florida's growing number of new homes, businesses, plants and factories and this new numbering system will permit many more number combinations in each exchange. Eventually, it will be given to all telephones in this area, and throughout the country. So — as we make this change — we are sure you, too, will welcome it as another sign of Florida progress.

Southern Bell

...Growing with the Future

Here's what the new 3½% interest rate on U.S. Savings Bonds means to you:

\$3 = \$4 *fourteen months faster than before*

The Bonds you own are better than ever, too

The new 3½% rate means your savings grow faster than before with U.S. Savings Bonds. \$3 becomes \$4, or \$3,000 becomes \$4,000 in just seven years, nine months. This applies to all Series E Bonds bought since June 1, 1959.

Then, all older Bonds, both Series E and H, pay more now—an extra ½% from June 1 on, when held to maturity.

And, all Series E Bonds carry a new 10-year extension privilege. This means your Bonds will keep earning liberal interest automatically after maturity.

These three new cash benefits make today's U.S. Savings Bonds the finest in history. They make the ones you own now better, too.

More advantages of U.S. Savings Bonds

You can save automatically. Just tell your company how much to deduct every payday for Bonds, and your Bonds will be delivered to you. This way you can't forget to save. And, remem-

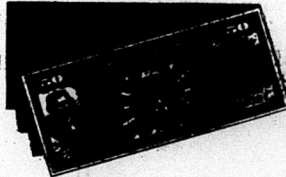

ber, the money you don't touch can't slip through your fingers.

You can get your money, with interest, when you need it. Your Bonds are a ready reserve to use anytime you wish. But, it pays well to hold them.

Your savings can't be lost or stolen. The U.S. Government guarantees to replace your Bonds, free, if anything ever happens to them.

You save more than money. The Bonds you buy help keep the peace because peace costs money. Money for better education, new scientific research, greater military strength. And the money you save helps strengthen our nation's economy which depends on the financial strength of individuals to keep it sound.

Start saving with U.S. Savings Bonds today. You'll save more than money.

You save more than money
with U.S. Savings Bonds

Miss Sandra Draa Weds Philip Dulany

Miss Sandra Irene Draa, daughter of Mr. and Mrs. H. V. Draa, of 101 N. W. Ave. "E" Belle Glade, and Philip Allen Dulany, son of Mr. and Mrs. John A. Dulany of Belle Glade, exchanged wedding vows Friday, September 1, 7:30 p. m. at the Community Methodist Church. The Rev. Lee D. Rustin, pastor, officiated at the double-ring ceremony.

The bride given in marriage by her father, was beautiful in a wedding gown of white nylon organza. Scooped neckline trimmed with seed pearls and sequins highlighted the fitted bodice attached to a floor length bouffant skirt with a bustle pouff. Her double tier elbow length veil of silk illusion fell from a Queen crown of silk organza petals trimmed with seed pearls. She carried a white Bible centered with roses showered by white sweetheart roses.

Miss Cinda Ponder, maid of honor wore a gown of Romance pink silk organza fashioned with fitted bodice and midriff. Short sleeves and a scooped neckline attached to a bouffant skirt with full back puffs held in place with self color roses, matching head piece creation of pink artistract rose spray attached to short veil, made by Mrs. J. A. Ponder.

Bridesmaids were Misses Terry

Tucker, Gloria Smith and Linda Rabin. They were dressed alike in pink silk organza fashioned the same as the maid of honor's gown and carried sprays of pink sensation roses.

Little misses Eileen and Janice Weldon of Gainesville, nieces of the bride elect were flower girls and wore dresses of pink nylon organza, head pieces same as bridesmaids and strewn rose petals from white baskets. H. V. Draa, Third, nephew of bride-elect of Jacksonville was the ring bearer.

John A. Dulany served as his son's best man. Ushers were Sydney Smith, Jr., Dewitt Draa, brother of bride-elect, Jimmy Schoepel of Pahokee and Dow McClelland of Canal Point.

The decorations in the church featured a background of palms interspersed with arrangements of white gladioli and white mums in baskets. White candles burned in branched candelabra.

Miss Karen Vdass, organist, played wedding music and the traditional marches. Milton O. Carpenter, soloist, sang, "The Wedding Prayer", "I walk with God" and "Two shall be one".

The mother of the bride wore an electric blue chiffon sheath dress with short sleeved empire

chantly lace bolero, floral hat in tones of blue matching accessories and a white orchid corsage.

The Bridegroom's mother wore a pink sheath dress, syllina linen, trimmed with French lace, rhinestones and braid, complete with three quarter length coat of same material, with matching accessories. Her corsage was of white orchid.

Mrs. Calvin A. Shive of Pahokee. Grandmother of the bridegroom wore a rose lace dress with short jacket of matching material and matching accessories. Her corsage was a violet orchid.

Following the ceremony the bride's parents entertained with a reception in the Ladies Parlor of the church. Bridal greenery, light pink sweetheart roses, candles and the traditional four-tiered wedding cake graced the white net overlaid tables. Mrs. Draa, mother of the bride introduced the guests to the others in the receiving line composed of the groom's parents, bride's father, grandmother of the groom and the members of the wedding party.

Mrs. E. S. Weldon, bride's sister, Mrs. S. K. Smith, Jr., groom's sister, and N. T. Taylor cut and served the cake. Gwen Rustin at-

tended the bride's book and punch was served by Misses Stevie Kaufman, Linda Wilder and Eileen Lindrose.

Immediately following the reception the couple left for a wedding trip to St. Augustine and Daytona Beach. The bride traveled in a pink silk sheath with short matching jacket and matching accessories. Her corsage was white roses. On their return they will reside at Apartment 2, 122 S. W. Avenue "C", Belle Glade.

The Bride is a graduate of Belle Glade High School class of 1961.

The Bridegroom graduated from Pahokee High School in 1956, attended University of Florida, graduated from Marion's Institute, Ala., is employed in Bookkeeping Department of Florida National Bank and at present is serving in U. S. Army Reserves.

Those attending the Draa-Du Janey wedding from Pahokee were, Mrs. Calvin Shive, grandmother of the groom, Mayor and Mrs. Duncan Padgett, Mr. and Mrs. Dan Carpenter, Mr. and Mrs. Vance Denton and children, Ellen Jo and Danny, Mr. and Mrs. Ralph Grimes and children, Susan and Melinda Graham, Bob Cote, Ron Ter Haar, Mr. and Mrs. Lloyd Hundley and Mr. and Mrs. Marshall Lair.

TV's more fun with another one

A bumper crop of new television programs is being readied for the season ahead... a whole world of entertainment at your fingertips.

Now's the time to treat your family to a second TV set. Another set solves the problem of what to turn on when favorite programs conflict. Let the kids watch theirs... while you enjoy yours. Individual tastes are satisfied... nobody's let down... and everybody's happy. Once you get another television set, you'll wonder how you ever did without it.

The new TV models are really exciting. Non-glare screens, remote tuning control, showpiece styling. Slim and trim portables. Values greater than ever before. COLOR TV, too. It's television at its ultimate... the showmanship of full color... so vivid... so true to life.

And to add to your enjoyment, have a RADIO in every room, handy where and when you want it... and a STEREO HI-FI record player to bring concert hall realism into your home.

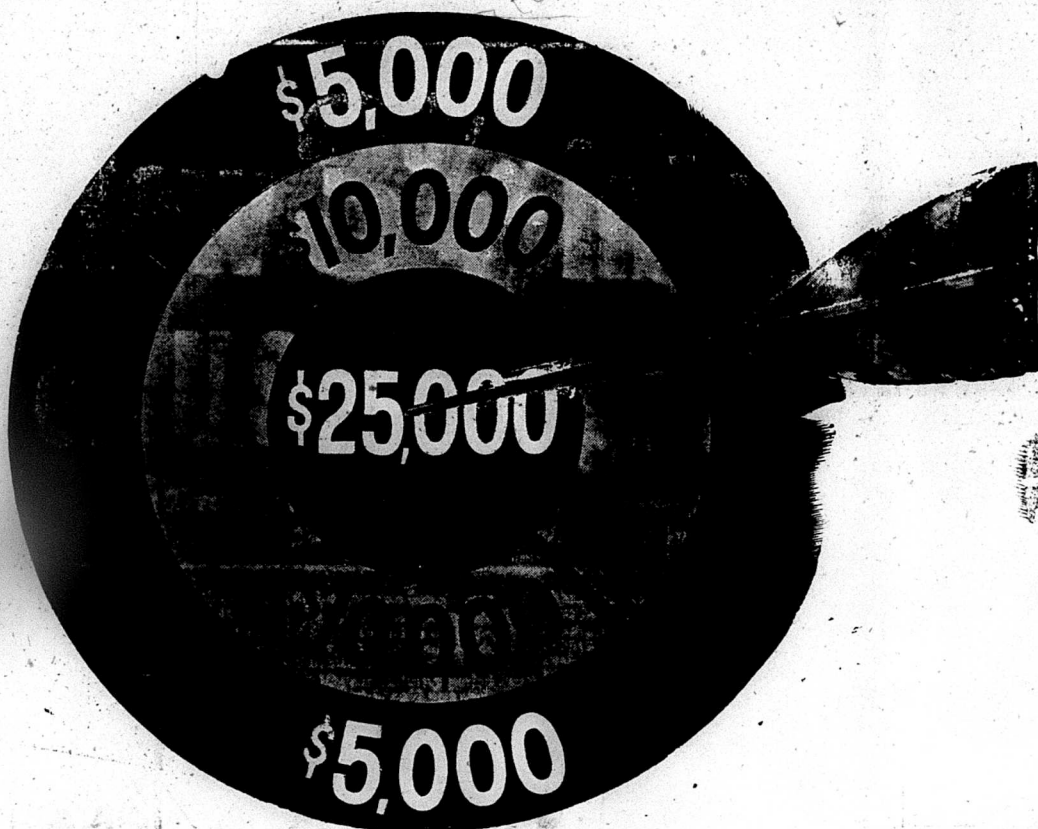

You Live Better Electrically when you have all three — Radio, Stereo HI-FI, and TV. See your dealer today.

Pick your savings target and shoot straight for it!

A home... financial security... a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. When each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 3 months)—they're even worth more than the interest paid on them. And your Bonds will continue to pay this same good interest as long as 19 years and 3 months. That means a return of up to 80% more than you originally paid.

And remember this. Think of your government or phone about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$4.50 a week for 6 years and 3 months Savings Bonds worth \$2000 in cash in 19 years, \$2000.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—go toward to Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

Small Town Building Boom Predicted

MIAMI—A boom in small-town building in Florida, with relatively small individual investors providing the capital, is predicted for the next decade by Lee J. Unger, President of Mortgage Investment Foundation here.

"During the suburban building boom of the 50's, the state's small towns were largely by-passed due to limited availability of first mortgage money outside the immediate service area of FHA lending institutions," Unger pointed out.

"This problem is now being overcome by making fully insured first mortgages with a guaranteed interest rate, available to small investors in a plan similar to that of the mutual fund."

First plan of this type to be registered with the U. S. Securities and Exchange Commission in Washington, was worked out by Unger's own company, which has been operating in Florida since 1953 and now has extended its activity to seven other states, the District of Columbia and Puerto Rico.

"Since registering our plan with the SEC, some of the nation's largest banking institutions have started working out details of similar plans, with the government, itself urging this action in order to provide funds to meet the building needs in small towns throughout the country," Unger said.

APPRECIATION

May we take this means of expressing our heartfelt thanks and gratitude to all of the friends and neighbors who extended comforting sympathy at the time of our sorrow in losing our husband and father. The beautiful flowers, notes, the trays and many kindnesses will remain in our hearts always as blessed memories to him who is no longer with us.

MRS. M. F. GEORGE
 AND FAMILY

PRINTING
 OF QUALITY

Prentiss Calhoun was looking rather glum. Prentiss is my neighbor. He owns a small farm next to mine. I knew something was wrong and asked if anyone was sick in his family.

"Taint that," he responded. "Some of my hogs took sick and one or two died. My wife, Millie Anne, made me get the vet and he says the hogs got cholera." I agreed that was cause for concern and asked him if he had vaccinated his pigs.

"I didn't used to put much store by vaccination," he replied, "but since my boy, Horace, been in 4-H work, he's got me to havin' it done. Seems Horace was up visiting our kindfols and I just didn't get around to doin' anything about it when this bunch of hogs was pigs. Could be I might lose some more."

The next day I met our veterinarian, Doc Voight, in the drugstore and asked him about Prentiss' hogs.

"Sure, it's cholera," said Doc. "Nothing happened to the hogs that were vaccinated, but the ones that are sick haven't much chance. I only hope this cholera doesn't spread."

I learned from Doc that probably not more than 50 per cent of the pigs in our county had been vaccinated. He should know. He's the only vet in the county. But I know that he is capable of vaccinating every pig in the area—if the farmers would ask him to.

I'm sure that Prentiss Calhoun has insurance on his automobile and probably on his home. He's smart enough to know the value of insurance. But he neglected to insure his pigs against cholera. It wouldn't have cost him much—just Doc Voight's fee. The State pays for the vaccine.

The next time I saw Prentiss we had quite a visit about hogs and I explained the value of clean pens, cooking any garbage fed to hogs and sanitation in general.

His reaction reminded me of the county agent caught by a storm, who found a night's shelter with a back country farmer. To his amazement the farmer's hogs had the run of the house. Two were sleeping on the floor when breakfast was served.

"You shouldn't permit this," the agent told his host. "It isn't sanitary to have hogs roaming in your house. It's dangerous to health."

The farmer looked at him a minute and then replied: "Son, we

been livin' like this long as I can remember. And I ain't losin' a hog yet."

Dulany Home Scene Of Wedding Party

The home of Mr. and Mrs. John A. Dulany, 225 N. W. Ave. E., Belle Glade was the setting Thursday evening of last week, 6 o'clock, of a dinner honoring the participants in the Dulany-Draa wedding of Sept. 1st.

The forth coming wedding was depicted in the centerpiece of the dinner table by means of a miniature bride and groom, minister, bridal attendants and a church. The table cloth was of ecru lace over pink, and the dinner appointments, flowers and tapers were of pink also.

Places were arranged for the Rev. and Mrs. Lee D. Rustin, Miss Saunders Draa, Philip Dulany, the Misses Cinda Ponder, Gloria Miriam Smith, Terry Tucker, Linda Rabin and Karen Vadaz; DeWitt Draa, all of Belle Glade; Dow McClelland, Jim Schoepfel, of Pahokee; Eileen and Janice Weldon, Gainesville; Vince Draa, Jacksonville; and Mrs. H. V. Draa, Sr., Mr. and Mrs. Milton O. Carpenter, Mr. and Mrs. Sydney K. Smith, Jr., Belle Glade; Mrs. Calvin A. Shive and Mrs. Duncan Padgett of Pahokee.

Rev. Shelley Stricken At Cypress Gardens

Rev. Robert Shelley, Pastor of the Canal Point Methodist Church became ill while visiting Cypress Gardens Saturday and was a patient in the local hospital in Winter Haven. Mrs. Shelley returned home Monday to begin her duties as a teacher in Pahokee Elementary School.

Rev. Walter Olford, of West Palm Beach, supply pastor, filled the pulpit in the absence of Rev. Robert Shelley who returned home Thursday morning from the Winter Haven Hospital.

Shower Honors Recent Bride

Miscellaneous shower honoring Mrs. Joann Darden Davis, recent bride, held at the home of Mrs. Lester Hand, Thursday evening, August 31. Mrs. Hand, Mrs. Wendell Harris, Mrs. Lloyd Hundley, Mrs. George Ramey and Mrs. J. V. Thomas, Sr., were hostesses.

Orchid corsages made by Mrs. Lloyd Hundley were presented to the honoree.

Miss Linda Hand assisted in serving. La France pink hibiscus were featured in the floral decorations.

Mr. and Mrs. James Miller spent the past weekend in Salerno.

Patterson Circle Will Meet Monday

The Ione Patterson Circle of the Womens Missionary Society of the Canal Point Baptist Church will meet Monday, Sept. 11, 3 p. m. in the church auditorium.

Mrs. Annie Jones will be in charge of the program which will be a combination of the regular circle program and week of prayer.

Buddie Parker has returned to Murray State College in Murray, Kentucky, where he has resumed his studies for his senior year.

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period says the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{3}{4}\%$ for the first year and a half, then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{2}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $1\frac{1}{2}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses; while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for defense. And money saved by individuals helps keep our economy sound.

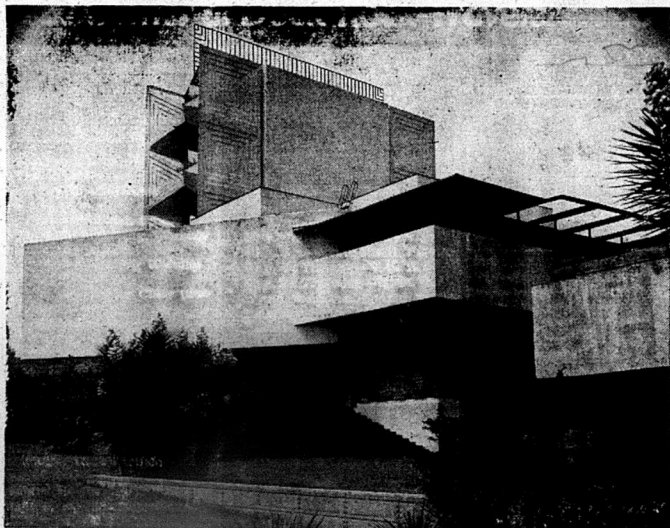

YOU SAVE MORE THAN MONEY WITH U. S. SAVINGS BONDS

Frank Lloyd Wright Work Adorns Campus

Smooth, flowing lines and unusual features characterize the Annie Pfeiffer Chapel on the Florida Southern College campus at Lakeland designed by the famous architect, the late Frank Lloyd Wright. Other buildings designed by Wright on this Central Florida campus include the Administration Building, Science Building, Library, and a smaller chapel.

College Buildings Are Most Modern

Angles is the word for it. Whether you're looking at them from a front angle, back angle, side angle, or in-between angle, the buildings designed by the late Frank Lloyd Wright on the Florida Southern campus at Lakeland are loaded with angles.

In the usual Wright style, they are designed to blend with their surroundings. And Central Florida has about as many angles as any specimen designed by the famous architect.

Rolling hills, phosphate mines, refreshing springs, fascinating museums, historic memorials, lovely state parks, sprawling ranches, and endless citrus groves are some of the many angles from which you can view this scenic section of the Sunshine State.

And if you're angling for some extraordinary angling, the innumerable lakes which dot the countryside are just waiting for your bait. Black bass, bream, stumpknocker, redbreast, warmouth, shellcracker and gar are just some of the specimens teeming in Lakes Okechobee, Apopka, Kissimmee, Istokpoga, Orange and a galaxy of smaller lakes.

The many attractions abounding in this central section of Florida are eloquent reasons why the Governor's Tourism Committee and the Florida Development Commission are urging Floridians to vacation in their own state.

For a first-hand view of these attractions, a journey up the central belt of the Florida peninsula is explanatory.

US 98 out of Okechobee carries the visitor across the Kissimmee River to Sebring, home of world-famous sports car races. Nearby is Highlands Hammock State Park with its abundant deer, gators, raccoons, and other wildlife that can be easily viewed from trails which lead into the heart of this sub-tropical jungle.

A side-trip down US 27 to Lake Placid to the new Placid Tower is a worthwhile venture. From the top of this 240-foot tower, the visitor can see for miles over the Florida countryside.

Lake Wales, to the north of Sebring, invites the visitor to view its several interesting attractions, such as Casa de Josefine and Spook Hill, where cars roll uphill.

At nearby Mountain Lake Sanctuary, the 250-foot Singing Tower reaches toward the sky amid a setting of quite beauty. Daily concerts of sacred music flow from the

bells atop the carillon tower to blend with the songs of birds and the rustle of leaves in the surrounding sanctuary.

Located near the Singing Tower, the Great Masterpiece, a beautiful mosaic of Leonardo da Vinci's famous painting "The Last Supper", reposes in an outdoor setting near quiet Lake Pierce.

The da Vinci Gallery of Futuristic Inventions presents a fascinating collection of models and sketches of such inventions as the air conditioner, machine gun, airplane, and subway system. Although the inventions are modern, they were conceived in the fertile mind of da Vinci, born 40 years before the discovery of America.

To the west of Lake Wales lies Bartow. The Phosphate Museum near here displays many fossils of pre-historic life, including the finest collection of pleistocene fossils in the nation, more complete even than the collection at the Smithsonian Institute, as well as three-dimensional murals and dioramas depicting the history and development of the phosphate industry.

North of Bartow lies Lakeland, the metropolis of Imperial Polk County and the home of Florida Southern College where Frank Lloyd Wright-designed buildings gleam in the Florida sunshine.

A few miles to the east, at Winter Haven, the Florida Citrus Museum offers an educational and entertaining experience for the visitor. At nearby Cypress Gardens, electric boats carry visitors through enchanting canals, water-ski spectacles are performed four times daily, and lovely models in ante bellum dress pose along the garden paths.

The metropolis of Orlando, Florida's largest inland city, sprawls to the northeast of Winter Haven. This city boasts a new jai alai fronton, more than 50 lakes within its city limits, and a location near many attractions.

A short trip up US 92 to Sanford carries the motorist to a number of interesting sites. Lovely Mead Botanical Garden, between Orlando and Winter Park, features an outstanding display of orchids. At Winter Park, the visitor will enjoy a tour of Rollins College. Sanlando Springs, a mineral spring offering good swimming, lies between Orlando and Sanford. Nearby, at Longwood, a cypress tree more than 3,000 years old towers toward the blue and, in Sanford, a monument marks the site of Fort Mellon, dating back to the savage Indian wars.

Turning west from Orlando, the visitor passes Lake Apopka, sparkling in the Florida sun, and soon

reaches Clermont, home of the famous Citrus Tower. An elevator carries him to the observation decks atop the tower where, through 20-power telescopes, he can see over 2,000 panoramic square miles of scenic Central Florida.

To the west, near Bushnell, an historic memorial marks the Dade Battlefield, where an 1835 massacre ignited the second Seminole War, fiercest and costliest Indian war ever waged by the U. S.

East of Bushnell, Leesburg nestles between Lakes Griffin and Harris. Known not only for its production of citrus, berries and grapes, Leesburg is nationally-famous also for its watermelon and invites the visitor to enjoy its quaint Venetian Gardens, a 72-acre park on Lake Harris for boating, picnicking and swimming.

US 301 carries the visitor from Leesburg to Ocala. Several nearby show farms where thoroughbred race horses are trained are open to the public.

Six miles north of Ocala, Silver Springs beckons the visitor to enjoy a refreshing swim in its crystal clear water and to peer from glass-bottom boats at an infinite variety of marine life.

Clustered around the spring are numerous attractions, including Ross Allen's Reptile Institute, Tommy Bartlett's Deer Ranch, the Prince of Peace Memorial, a Jungle Cruise, and the Carriage Cavalcade.

North of Silver Springs lies Gainesville, home of the University of Florida. The Florida State Museum here features many fascinating displays of previous life in Florida, including fossils of pre-historic animals, totems carved by aboriginal Florida Indians, and a Florida livingroom of the 1890's.

US 441 out of Gainesville and US 41 out of Lake City take the visitors to one final attraction before ending his journey through the central belt of Florida. At White Springs near the Suwannee River, a 200-foot carillon tower rises toward the sky at the Stephen Foster Memorial. Concerts of the immortal composer's best-known tunes flow from the tower's bells four times daily.

The Stephen Foster Museum, located in an ante bellum mansion at the Memorial, features the desk on which Foster composed many of his songs, many original documents and manuscripts, and several three-dimensional, animated dioramas depicting the action of Foster's tunes.

Mrs. C. L. Stuart has returned to her home from a vacation spent in Alabama.

A. W. Brown Will—

(continued from page 1)

Brown was chairman of the Dixie Frolics, one of the major beauty pageants in the country, sponsored by the Daytona Beach Junior Chamber of Commerce. He initiated a night water spectacular which gained major television publicity for Florida and Daytona Beach which tourist experts value at \$200,000. He received the Jaycee Distinguished Service Award of Daytona Beach for 1960.

Brown carves out time from his busy schedule to relax with his wife, the former Mary Lou Morris of Jacksonville, and their two children, Nancy, 3 months, and Ardian, 5 years.

Mr. and Mrs. S. S. Scruggs, Jr., and children Sam (Sandy), Rhonda, Twyla and Jon, also her mother Mrs. Annie Farlow of Lake Wales are the house guests of his parents Mr. and Mrs. S. S. Scruggs, Sr., of Runyon. Young Sam has made plans to farm some land near Belle Glade. They are visiting with his parents until they can locate a home in that area.

Miss Joanne Todd To Wed Albert Gamot

Mr. and Mrs. Owen G. Todd of Pahokee announce the engagement of their daughter, Miss Joanne Todd to Albert Jeane Gamot, Jr., son of Mr. and Mrs. A. J. Gamot, Sr. also of Pahokee.

Bride-elect is a graduate of Pahokee High School Class of 1961.

Mr. Gamot, graduate of Pahokee High School 1956 and has been attending the University of Mississippi is now enrolled at the University of Miami for the fall semester, majoring in Business Administration.

The wedding will be held in the First Methodist Church in Pahokee Nov. 24th.

Mrs. J. V. Thomas, Jr. and daughter Terri were the holiday weekend guests of Mr. and Mrs. Bob Kelly in Ft. Pierce.

Mr. and Mrs. J. C. Harris visited their parents, Mr. and Mrs. Lloyd Brackin of Eagle Lake and Mr. and Mrs. I. C. Harris of Dundee, over the Labor Day weekend.
